Kathy, I don't really  
know what sort  
of memories we have  
of adventures, but I do have a few. One  
together. There are a few more in  
there. Some are a little bit more  
and I always did it. The first year we got  
in. My first. Kathy did it. I did it. I did it.  
we almost forgot. Kathy did it. I did it. I did it.  
be stuck together. Kathy did it. I did it. I did it.  
to stick. Kathy did it. I did it. I did it.  
down. Kathy did it. I did it. I did it.  
recent past. Kathy did it. I did it. I did it.  
the same. Kathy did it. I did it. I did it.  
our view of the past. Kathy did it. I did it. I did it.

## FOREWORD

As the school year of 1962-63 fades into history, we are able to reflect upon the events of our chapter.

- We had a Berlin crisis, and a hated Berlin wall which divided brother from brother.
- We watched last year's rift between Russia and China grow wider
- We forced Mr. Khrushchev's hand in Cuba and watched him withdraw his offensive might.
- We watched Richard Nixon "get the shaft" in California.

On the local scene

- We welcomed Vivian Oppenheimer, our first foreign exchange student.
- We waited 114 days for a New York newspaper.
- At the movies we saw *To Kill a Mockingbird* and *Days of Wine and Roses*.
- We cheered our Pioneers along to a DUSO championship.
- We heard Vaughn Meader's *First Family* album, and laughed till our sides ached.
- We marveled at the beauty of our Senior Prom.
- We ended our year with graduation.

A year is but a particle of sand in the hourglass of time.

We of the class of 1963 are proud to present that particle of history which concerns Poughkeepsie.

## DEDICATION

In every school, the majority of students agrees that physics is a hard subject; as a result, new pupils approach Mr. Archibald's room with fear and trepidation. But they are soon reassured by his open, good humor and his infinite patience while explaining Ohm's Law. His patience is as abundant as it is necessary. Mr. Archibald's day seldom ends at three-thirty, for his room is always full of students in dire need of extra help, and those taking the make-up test they probably had hoped to avoid.

Mr. Archibald's successes through the years as an educator reflect the hope he never lost in a thousand explanations as we reflect the esteem in which he is held as the class of 1963 proudly dedicates its PHOIS to Mr. Archibald.

MR. FRANK BUGAR  
PRINCIPAL

*"'Tis education forms the common mind:  
Just as the twig is bent the tree's inclined."*

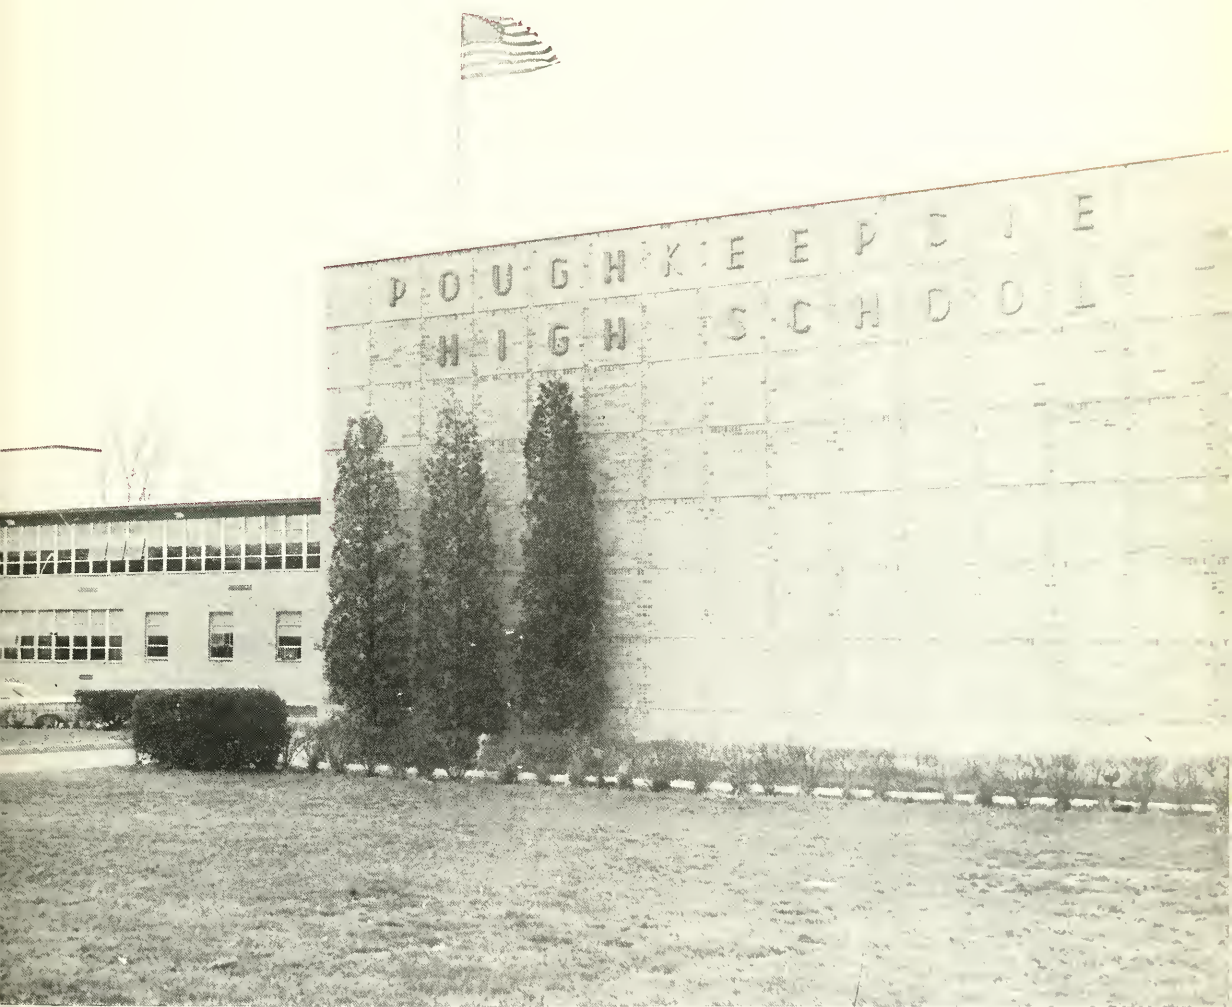

These words of Alexander Pope form the watchword of Mr. Bugar's concern for all the students in our school. Throughout the year he was devoted to the task of bending the twig in the right direction.

We of the Class of 1963 wish to express our deep gratitude for all Mr. Bugar has done for us in the three years we were with him. We wish him continued success in his duties as principal of Poughkeepsie High School.

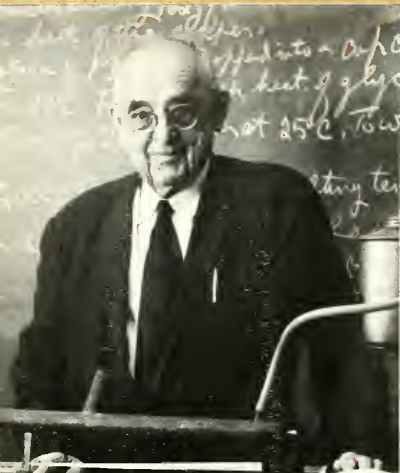

In the words of John Glenn, Mr. Bugar is "A-OK."

## FACULTY CANDIDS

Miss Dorothy Haight, along with a group of other teachers and administrators participated in a seminar in India this summer. While in India, they attended educational conferences in Bombay, New Delhi, Banaras, and Madras, where they were entertained by student groups performing native dances.

Three receptions were given in their honor by Prime Minister Nehru, by the Vice President of India, Dr. Hussain, and by the Minister of Education, Dr. Shrimali.

All were impressed by the effort and spirit which the Indians are showing to improve education and living conditions.

"Stone walls do not a prison make." Or Lit. notebooks a tedious chore.

# BOARD OF EDUCATION

We of the class of 1963 are very thankful for the fine efforts of the five members of the Poughkeepsie Board of Education. Their understanding of students' needs and problems has helped to make many of our school activities successful. Once again, they showed their concern for us as they approved whole-heartedly the American Field Service program, which gave us our first foreign student.

To the members of the Board of Education, the Class of 1963 says, "Well done."

*Vice-President*

We, the Seniors, have completed an important phase of growing up. Our three years in high school have taught us much and shaped our thinking, our outlook, and our personalities. The benefits of this molding process will be evident in our future activities.

However, high school is not only a place of books, homework, and slide rules; it is also a place of laughs and frantic activities—the sophomore hop, the junior prom, the National Honor Society club. These events of our high school experience we shall recollect with pride and amusement after this phase of our life has come to an end.

*James Chamberas, President; John Miller, Vice President; Paul Martinko, Treasurer; James Smith, Secretary.*

The juniors—class of '64—are looking forward to next year, their last year in high school, with great anticipation and a hope for many successful endeavors.

This year the juniors worked hard at everything they undertook and their efforts were rewarded with the selection of their class rings and the success of the Junior Prom. "Silver Wonderland" proved to be a night filled with precious and happy moments to be remembered by all who attended for many years to come.

Good fortune will await the industrious juniors next year as seniors.

Nancy Cervone, *Vice President*; Robert Kowal, *Treasurer*; Peter Kroll, *Secretary*; Sean Rogan, *President*.

The sophomores, being new in the school, have the most difficult school year of the three classes. Not only must they adjust to new and harder work, but also they must become acquainted with a new school, new teachers, and new friends. We are pleased to see that they have become acclimated so easily.

Their first endeavor as a class was the sophomore hop, Twilight in Pastel. Exciting decorations, a good band, and a large attendance made this a successful "first" for the class of '65.

We know this class will work hard in its remaining years here in PHS. Best wishes from the class of '63!

Simon says, "Do this!"

Pull a string and it talks.

*In any city . . .*

*. . . there is a school,  
which . . .*

... drained of student fervor, becomes

...

*a realm of emptiness*

a void shell of bricks and mortar, impersonal and unburdened by life's throbbing tempo. A mournful rhapsody of silence. And as silence reaps gaiety, daytimes resounding floors assume an aura of austere rejection,

as receptive as a ...

*stone statue*, whose dormant heart is basking in relieved solitude, and awaits light's shadows as ...

... the empty classroom awaits *with pregnant stillness* dawn's rejuvenation.

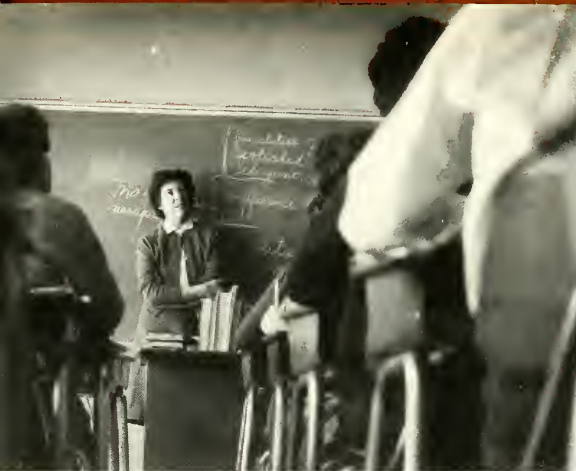

The vacant school is akin to the solitary student, for studying is *an agony of hours*, haunted by brief despair, and graced with adolescent fulfillment. The strength of day has meshed into . . .

the passiveness of night, and knowledge is . . . *accepted and enlarged*. And even as studying is moderated by calm periods of tranquility, it alike creates . . .

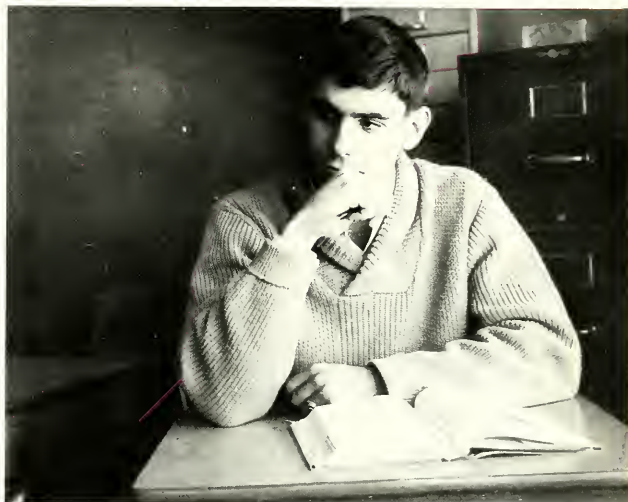

*a frustrated tempo* in its frantic preparation for the impending day, subtly reminiscent of former procrastination.

Studying monitors the subdued over-  
tones of the night; the teacher molds  
the struggle for comprehension and  
guides . . .

*curiosity's quest for learning*  
for the day's duration, lending temper  
to the . . .

. . . searching mind.

The insatiate adolescent, whose mind  
lacks the

*even melody of years,*  
broadens this query by delving among  
the plaintive library shelves, which,  
although unadorned, nevertheless  
mirror . . .

... human essence, typified by  
*restless enthusiasm.*

Free time is greeted by  
*conversation ...*

... or by  
*solitude.*

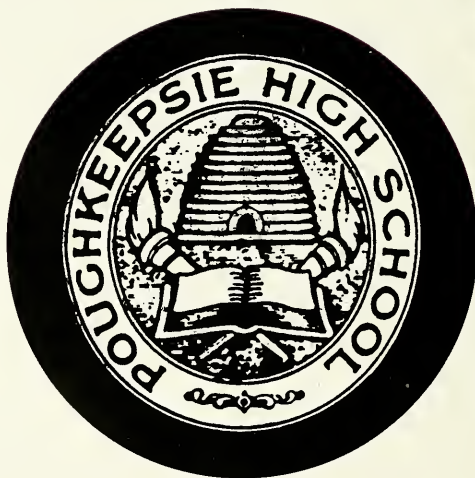

Youth owns its precious moments of  
beauty but for the future; we must  
all learn that . . .

*. . . time is elastic . . .*  
and . . . tomorrow will come.

## *Regents Scholarships*

Regents scholarships were awarded to nineteen students in P.H.S. this year. In addition to these winners, many other pupils qualified as alternates for the scholarships and still others received Incentive awards. The recipients of these scholarships are eligible to receive financial aid varying between \$250 and \$700 annually for four years in an accredited New York State College.

## *National Honor Society*

This year, under the direction of Mrs. C. Van Wagner, the National Honor Society has been formally organized. As a new organization, the Honor Society has a group of aims which it hopes to achieve in the coming years. The most important of these is to better the scholastic standing of the school body in general.

The club, headed by Steve Devan, President, Nancy Baron, Vice President, Carla Lewin, Secretary, and Miram Zimet, Treasurer, hopes to be on a secure basis by next year.

The organization accomplished a great deal during 1962-63. In addition to the Annual Victory Dance, C.O. City Day, March of Dimes Dance, and other yearly functions, it participated actively in the American Field Service project by supporting Penny Thursday wholeheartedly. The meetings which were held every Wednesday noon were supervised by Mrs. Sylvia.

"Tel-School" was launched at 8:00 p.m., December 8, 1962 and it was, as usual, a successful G.O.-P.T.A. Talent Show.

A full auditorium was on hand for the launching which was emceed by William Welch and Kenneth Kronberg.

Some of the "highlights" of the evening were *Climb Every Mountain* sung by Douglas Johnson, and the dancing of Eugenie Waxman and Lance Westgard and, of course, the senior chorus lines.

All in attendance agreed that this was one of the finest shows ever performed at P.H.S.

### Life In A PHOIS Room

Upon walking into a PHOIS Room, you are met by a predominate sensation, one of stark terror. Around the room sit the slaves with their blinders, slaving over some part of the book. In the center of the room stands the tyrant, Sara Ducote. In her left hand she tightly grasps a twenty foot bull whip which she occasionally lets fly through the air. The room is filled with a studious silence which is broken only by the periodic scream, "Get to work!"

## *Phois Advisers*

Mr. Laurence Heinemann  
*Photography Adviser*

Mr. Joseph Singleton  
*Printing Adviser*

Mrs. Elizabeth Sanders  
*Literary Adviser*

As PHOIS adviser, Mr. Bartlett remained the perfect picture of composure in the face of extreme provocation; if our sheer, youthful incompetence ever moved him to frustration, we were never aware of it. His previous acquaintances with students and yearbooks must have prepared him for our questions, for he was always quick to answer them and give advice, although he never interfered with our own plans and ideas. We will remember Mr. Bartlett for his cautious, invaluable advice and subtle humor.

Mrs. Sanders, also, is to be commended for endless patience when confronted with rather demented copy, as literary adviser reminders of English grammar helped to make our yearbook literate.

Thanks also are due to Mr. Heinemann for his role as photography adviser. We appreciate the many hours he has devoted to PHOIS and the professional skill he has shown in his work. In addition, we wish to thank Mr. Singleton for his service as printing adviser.

All in all, the staff thanks the advisers for their help through the trials and triumphs of the 1963 PHOIS.

student eats lunch in the school, they all go home; students remain in the classrooms, the teachers move each period; only soccer and basketball are major sports for boys while volleyball is the girls only sport; and no extra curricular activities.

When Vivian was asked about the school year, she told us that the school year began in March and ended on December 15. There was a winter vacation for everyone during the month of July. The year was about nine and a half months long. Each student went to school six days a week from Monday through Saturday. Students went from 7:45 A.M. to 12:15 P.M. or 1:00 P.M. to 5:30 P.M. of each day.

Their only social functions were a Junior Prom and a Senior Prom when they graduated from junior high and senior high respectively.

The *Beehive*, our school newspaper, is a reflection of the events and the thinking of P.H.S. While the PHOIS presents a general picture of our school years, the *Beehive* probes deeply into many facets of our daily school life. This year the *Beehive* staff, under the supervision of Mr. Holt, has done a superb job.

the evening was the appearance of the senior girls and boys in their chorus lines. The senior girls performed an almost convincing portion of West Side Story, led by Judy Barratta and the boys performed a Russian dance choreographed by Lance Westergard.

### TRIAD

On November 2nd, Mr. R. Middleton, professor of music at Vassar College, spoke to the Triad Club on opera. On November 13th, current Broadway plays were reviewed by members so that the club might decide which play it will see this spring. Chairmen for the trip are Ruth Abramowitz and Thomas Gosse.

The chairmen of the annual Christmas party are Nancy Rise- man and Lynn Brader.

## Future Nurses

The purpose of the Future Nurses' Club has been to acquaint girls with health careers and to familiarize them with schools that offer training in these fields. The make-up of these professions has been discussed in career talks presented to the club by guest speakers. Field trips were planned which included a visit to a large city hospital in New York.

Mrs. Sylvia has aided President, Margaret Sharp; Vice President, Sandra Kozak; Secretary, Peggy-Ann Mackey; and Treasurer, Suzanne Cleary in the execution of these programs.

# Future Teachers Club

The Future Teachers Club, under the direction of Mrs. Sylvia, has enjoyed a year filled with many interesting activities. In fulfilling the purpose of the club, which is to introduce students to the various phases of the teaching profession, the club during the year has had guest speakers, visited elementary schools and taken a trip to a near-by college. The club also assisted with the A.F.S. project by maintaining a booth at the fair. Responsible for the success of the club were this year's officers; Carol Derr, president; Judi Rimai, vice president; Barbara Blumber, secretary; Maureen Kelly, treasurer; and Roberta Johnson, historian-reporter.

Remember girls, the little devils may turn on you at any time.

## Key Club

Key Club, an international service club for high school boys, is sponsored by the Poughkeepsie chapter of Kiwanis. Under the guidance of Mr. Hoder, faculty advisor, the members of this club organized the traditional Junior-Senior Basketball Game. The boys also sold programs for the Athletic Association at the 1962 season football games.

The students responsible for the club's success this year were President, Roland Butts; Vice President, Steve Devan; Secretary, James Bernard; Treasurer, Raymond Schoonmaker.

# Girls' League

Once again the members of the Poughkeepsie High School Girls' League have proved that their motto, "Strength in deeds," is descriptive of their fine efforts. This great service organization is made up of girls who give their free periods to help teachers and their free time outside of school to pay a great service to our community. Some of the activities have included a toy drive for the Little Red Schoolhouse, Red Cross work, and a food booth at the A.F.S. Carnival.

This year's officers were Sara DuCote, President; Carla Lewin, Vice President; Linda Righter, Secretary; and Martha Moore, Treasurer.

## *Jr. Tech-Elec*

Who are the ones who make sure our speakers can be heard in assemblies? Who are the ones who run the P.H.S. radio station WPSX? They are none other than the hard working boys of Tech-Elec. With Bill Kisch as President and Jerry Gemmel as Vice President, these fellows have proved invaluable in such school activities as the Talent Show, Annual Play, and assembly programs. They are Poughkeepsie High School's unsung heroes.

PROJECTIONISTS—Row A: S. Fuller, L. Laliberte. Row B: S. Hodos, D. Doran, V. Stearns.

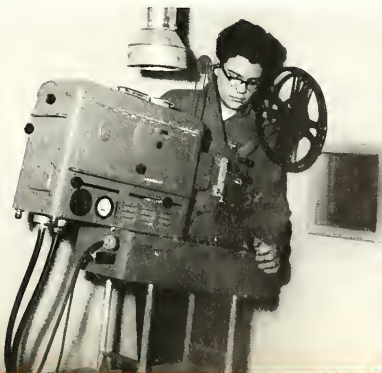

Does Mr. Bartlett want to show *Ben Hur* to his third period class?

Is the Phys. Ed. department going to show a *Bullwinkle* cartoon in the Auditorium?

Whenever there is a film to be shown, we can always find a devoted member of the Projectionists' Club winding or rewinding film so that visual aids can be used in teaching.

To them we say, "Well done."

What a fantastic opportunity to project my personality.

# School Store

SCHOOL STORE — Row A: N. Ostoyich, M. A. Harkin, J. Harris, I. Anson. Row B: D. Wilson, E. Sucato.

A variety of school supplies can be found in Mr. Belcher's school store, visited with amazing frequency by the usual crowd of students bored with study hall. But all kidding aside, the school store amply provides valuable experience for the business students; who prepare for future careers by maintaining it. This year the store has expanded and carries new lines of merchandise, from the familiar review texts to the window display of recording artists.

Ah! Just what I need, "How to Sell Pocketbooks."

The Poughkeepsie High School Monitors are of necessity, a sturdy lot; they are forced to suffer the bumps of rushing students in the halls, as they regulate traffic between classes. Supervised by Mr. Kirtland, the group polices the cafeteria lunch line and patrols the halls during seventh period, as well as enforces the school rules and regulations.

From now on we're cracking down—no more sleeping on posts!

United we stand, divided we fall.

# Band

The Band's contribution to the school is prolific. In good weather, one can see and hear the band practicing before school out on the J.V. Football field. It also plays for the assemblies. Mr. Hawkins, the director of the Band, led the school in all singing assemblies with astounding patience, aided by the lively enthusiasm of the Band itself.

## Annual Play

Wind them up and they dance.

Dancing across the P.H.S. stage on the evening of March 7, Lance Westergard and Eugenie Waxman captured the hearts of all, as sweethearts in Kurt Weill's *Down in the Valley*. This promising two-some literally sparkled in Poughkeepsie High School's first attempt at a musical production. Douglas Johnson and Mary Davies, singing counterparts of Lance and Eugenie, and Tom Beaman, Guitar-Strumming vocalist, also made memorable performances. The smooth harmonies of the P.H.S. Mixed Chorus blended with their voices, adding richness to warm and moving production.

Under the able direction of Mr. McNary, Mr. Kirtland, and Miss Gallupo, *Down in the Valley* was another P.H.S. success.

## Speech Day

Speech Day at P.H.S. this year was attended by students from Arlington, Poughkeepsie, Our Lady of Lourdes, Wappingers, and Roosevelt High Schools. Each student competing had to give three extemporaneous speeches, which were judged on the point system. We can be proud of the excellent showing P.H.S. students made.

The date of March 19, 1963 was a dark, dismal time for the class of '63. On that date the Juniors, led by Bob Stauderman, trounced the Seniors in the annual Junior-Senior Basketball game, sponsored by the Key Club.

The Juniors got off to a fast start and were never headed. A Senior rally in the last quarter fell short and the final score was: Juniors 41—Seniors 20.

Congratulations to Mike McConnell and Hank Brown, who coached the winning team, and also to Ron Montalto and George Haynes, coaches of the Seniors, who also did a fine job.

Seventy couples were present to witness the crowning of Denise Bagley as queen. The queen's attendants were Nancy Bambakos and Dorthea Hillery. All who were present agreed that this was one of the finest Sophomore Hops ever held in P.H.S.

## Victory Dance

On Tuesday, November 20, 1962, a Victory Dance was held at P.H.S. The dance, sponsored by the G.O., took place in the gym between 8:00 and 11:00 p.m. More than sixty couples were in attendance dancing to the music of "John Ross's Quintet." The success of this year's dance was attributed to the fine efforts of Lori Kilcrease and Steven Devan.

Charles Powers and Stewart Nelson, grand prize winners.

On March 22-23, 1963, the annual P.H.S. Science Fair was held in the Science wing of our school.

Grand prize winners were Stuart Nelson and Charles Powers with a project called "Telephones of the Future" and Ruth Abramowitz and Jane Stavsky with a project on "Electroplating."

These winners, plus those who received honors in their various divisions (Chemistry, Physics, and Biology), received their awards on the evening of March 23, when the Fair was opened to the public.

## Football

Sam Kalloch produced another fine football team during the 1962-1963 season. Roland Butts, Captain, called the plays, while Tom Hotton, Larry Magill, Hardrick Moore, and Hank Brown helped complete them. The team broke even with 3 wins, 3 losses, and one tie. The game played at Beacon was especially exciting, because of the inclement weather.

The result was complimentary to the sportsmanship of P.H.S.'s team.

arsity

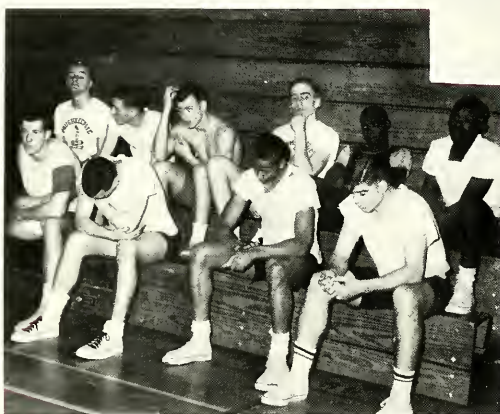

This year the Poughkeepsie Pioneers took twelve DUSO victories out of fourteen games, losing only to Newburgh and Monticello. The exceptionally long season because of inclement weather and the resulting game postponements added to the excitement and tensions which accompanied the last few games of the season. Poughkeepsie's team was tied for first place with Monticello when all scheduled games had been played. As a result, a playoff game occurred March 16 at the near-by neutral Kingston court. Poughkeepsie's win, 54-51, earned the DUSO championship for us.

Outstanding players were Hardrick Moore, who played until January; Hank Brown, our ALL-DUSO hero; Ron Montalto, Duke Lawrence, and Roland Butts, who all contributed to win the title. We also became city league champions at 9-A Sectionals, thanks to the superior playing ability of our boys and to Sam Kalloch's coaching.

Just don't sit there, get up and do something.

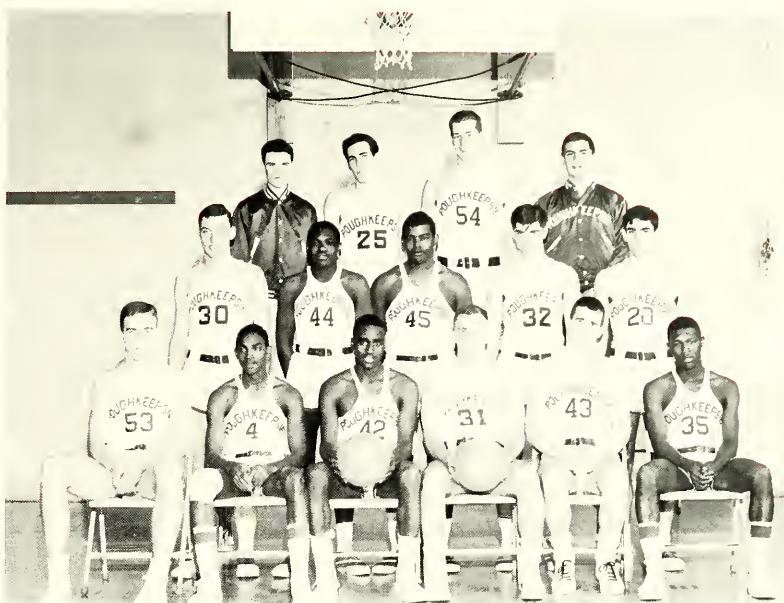

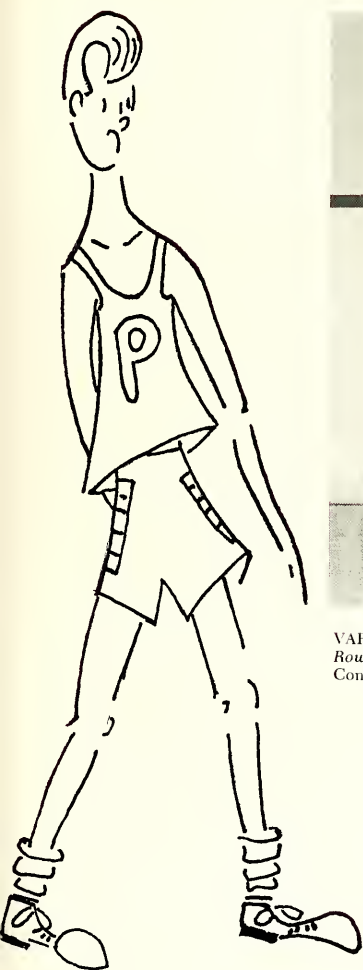

Who do you think is running this team, you or me?

After four the score was 72 to 29.

Co-captain Ron Montalto shows us how.

## Varsity Baseball

The P.H.S. varsity baseball team started the season with hopes for a DUSO League Championship. Many experienced ballplayers were back from last year's team and the outlook was good.

The boys got off on the right foot by beating Roosevelt 6-4, and clobbering Wappingers 13-5 in their first two games. These were both non-DUSO tilts.

## Varsity Crew

A rewarding season awaits Coach Jim Clarke's Pioneer Crew. A vigorous sequence of hard training sessions has been followed by high hopes for the Nationals. Although most of last season's team left, good competitive spirit and excellent coaching, combined with non-glamorous workouts with the rowing machines, have turned last year's junior varsity into a fine varsity crew. If the school's students are as encouraged as the team, the races should be met with fine attendance.

# Tennis

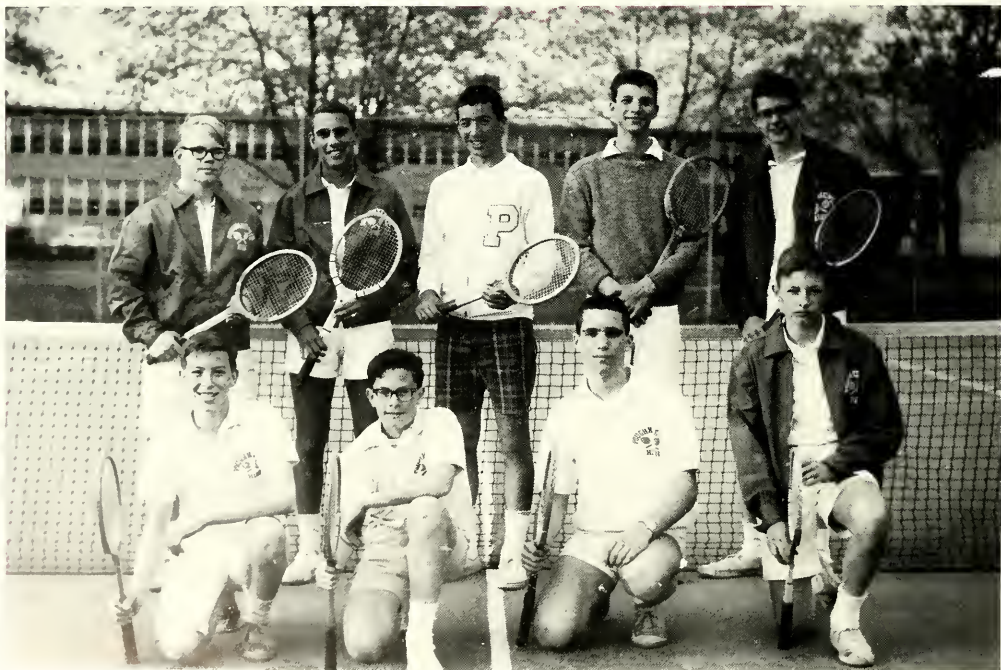

The tennis team, after four years of undefeated league play, is once again hoping for a winning season at the net. The team, led by Tom Shamon and Alan Schoonmaker, and backed up by Miles Haven, Stu Gantman, Bob Harding, and Russell Watsky have looked fine in practice. The first match of the year, against powerful Middletown, should set the pace for the rest of the year. Coach George Strba is proud of the fine record of the 1963 P.H.S. tennis team.

Poughkeepsie High School's Track and Field events were led by Gary Gerstenfeld and Tom Rogan. The young team, half of which were freshmen, made up for their lack of experience with their spirit. Coach Mahar worked with the boys in order to place in the D.U.S.O. League against Newburgh, Monticello, and Kingston.

Tom Rogan led the 440 and broad jump; 20'9", his longest jump was close to the Dutchess record. The 180 low hurdles were Gary Gerstenfeld's specialty. Bruce Oppenheimer and Sean Rogan, our outstanding half milers. Grega and McDonadd, P.H.S.'s sprinters, Mike Sullivan, Jim Nash, and Drew Kole were a few more of the boys who participated to make this track and field season successful.

## Swimming

Coach Jim Clarke's swimmers had an extremely successful season this year. Headed by captains David Weisman and Gordon Greene they captured the D.U.S.O. championship, and lost only one D.U.S.O. meet all season. Of the seven men who returned as varsity members only Dave Weisman was a senior. The outstanding swimmers of this year, also former varsity men, were Gordon Greene in the 100 yd. backstroke and 200 yd. individual medley; Bud Tschudin in the 200 and 400 yd. free-style; Jon Snyder in the 50 and 100 yd. breaststroke; Dave Weisman in the 100 yd. butterfly.

This fine group of swimmers set several 25 yard pool records. One was the 200 yard medley relay by Terry Daley, Dave Weisman, Jon Snyder, and Gordon Greene; time—1:59.5; next was the 200 yard free-style by Bud Tschudin; time—2:12.6; another record was set by Bud Tschudin in the 400 yard free-style; time 4:59.5. The record for the 100 yard backstroke was set by Gordon Greene, time—1:09.8; and the last was the 100 yard butterfly by David Weisman, time—1:09.8.

A round of applause goes to this fine group for all its outstanding accomplishments.

## A Message to the Class of 1963

It wouldn't surprise us a bit if you didn't read this message until four or five or even ten years from now . . . after all, nobody reads the ads in a school yearbook! But some day when you are going through your yearbook, just for old times sake, you'll see this ad and this picture of Luckey's clock, and you'll remember that we are still down on the corner of Main & Academy Streets and that in the year you graduated from good old Poughkeepsie High we were celebrating our 94th anniversary. And we hope you'll remember that you have to be a good store to last *that* long!

## YOU ASK . . .

You ask a question. When it is answered or solved, you have gained a bit of knowledge. Having gained that bit of knowledge, you ask more questions because every bit of knowledge implies new questions.

Though education never can be complete for any person; though education continually becomes, in fact, more and more incomplete as the questions one asks become more complex and numerous, it is not futile. It is no more futile than working for some great ideal such as freedom because each step forward in education or in the quest for freedom is in itself a personal reward.

And the similarity between education and the quest for freedom goes further. Each step forward in education takes the thoughtful person a step closer to the greatest freedom of all — the freedom from ignorance which is self-realization.

Education is always a beginning.

IBM takes great pleasure in congratulating all of this year's graduates and in wishing each of you a long and rewarding journey on the endless road of awakening. We bid you to look upon your graduation not as graduating FROM school but TO broader education and greater fulfillment.

GOOD LUCK CLASS OF

1963

**FROM OURSELVES!**

Kathy,  
Shit, Kathy, I  
don't really think I  
can say what I feel.  
I'll always remember the great  
times we've had together, but I'll  
remember you especially.

I wish I had been around this past  
year so I could have helped you with your  
Geometry. I hope you did better on the Regents  
than you think you did. I guess I wasn't much  
help that night before the exam.

In a way I'm glad I dated you while you were here  
from your brother's guarding eyes. This helped me feel  
as if I was really out on a date with you.  
and not just doing you a favor. I hope you  
feel the same.

I hope in the future, perhaps I  
won't know you too well, you <sup>will</sup> always  
make your own decisions based upon  
your own judgment. Ask people for  
advice, but make the decisions yourself.

Well, adios, for now,  
Love,  
Damon

June 20, 1963

Kathy;

There really isn't too much to say, since you said it all in your little "essay." I just want to add a few more thoughts to it though; like our friends at Sylvan Lake; our "blind" dates; the nights we stayed over each others' house, when my father saw the cigarette butts in the front yard, remember how my mother came in and slipped me? Our letters to Don and Bob and Larry; when we went to New Rochelle (or should I say Bard Park?) our adventures at "Bradlee"; and all the other sad, happy and precious moments we have shared together, and there have been so many, but I don't have to write them down, for we will never let them leave our mind or heart. We have been through so much sorrow and happiness these past three years, and I hope we can go through much more, only the happy ones of course! If I wrote down how I felt towards you, people would probably think we were "queer!" But I know you realize what a wonderful friend you have been and always will be to me, so please remember me always in your thoughts and prayers, and I will do the same. Stay as sweet, kind, and understanding always, as you are now and luck and happiness will be sure to follow you! I wish you the best of everything in all you pursue, and remember friends never say "Goodbye!" I hope everything works out wonderfully for you and Bill, he's a great <sup>guy</sup> and he couldnt have picked a better gal if he tried! You're the greatest gal going, Kathy, you've stood by me through thick and thin, through bad moods and stupid ones, never ever change for anyone or anything, be good always and —

Love

Marie

Dear Kathy,  
I don't ever  
forget your happy  
and sorrowful  
at P.H.S. you have learned  
many lessons and had many  
experiences. You had a good  
friend  
you've watched your only to gain  
be taken from you. Bob & I have  
live there. Billy, Jimmy, Bob & I have  
Gary, Merrill, Billy, Jimmy, Bob & I have  
heart broken three times. You've had your  
know it won't be the last. But most of all you know  
you're learning about that adult life that's waiting at your  
door, soon to be yours. I know you'll welcome all that  
comes with it.  
Merrill, you've had fun and you'll never forget. Please  
Billy, you're glad they're all happened. Gary, don't  
Love,  
Kathy
